

Cash in Transit Safe

The SABS approved Cash in Transit Deposit Safe offers comprehensive security solutions for businesses that deal with large cash takings. The safe is designed such that it can be fitted through a wall of 230mm thickness. The deposit trap is designed to accept A4 size envelopes or other similar size packaging materials and depending on the category of the safe you require will have approved insurance rating for between R100 000 and R300 000.

Key Features

- Ultra-tough, six-sided SABS approved construction means the safe offers maximum resistance to a physical attack
 - Cash is deposited into the box by staff and removed externally by the CIT company
 - Premises staff have no access to the safe contents
- 2 x 7-Lever key lock as standard
 - Manual sealing mechanism controlled by the safe operator
 - A secure and easy to operate cash-in-transit internal and external cash container boxes with a removable ‘T’ handle can be provided with the safes

Cash Ratings

Cash Rating is “The amount an insurance company will cover in a safe/cabinet overnight.” The actual amount of cover can vary between insurance companies and locations and may be different to the manufacturer’s recommended rating. If this is important to you, you should check what cover your insurance company will offer. Chubb safes offer a range of cash rated safes of between R5 000 for SANS 751 Category 1 and R300 000 for SANS 751 Category 5 safes.

Planning, Delivery & Installation

Once you have selected a safe or cabinet, Gunnebo can offer you a comprehensive installation survey (for certain products only). Gunnebo will then agree with you a flexible installation schedule. The flexibility of the installation process is evidence of Gunnebo’s commitment towards ensuring the cost and time efficient completion of your purchase.

Gunnebo products are delivered and installed by trained Gunnebo installers. Whatever the delivery environment (e.g. large bank or small office), you can be assured that the installers will take the greatest care. We are also focused on making sure the service on offer is achievable, to the highest standards of workmanship and is promptly completed within the contracted timescales.
